

# REFUSE RECYCLING LETTER

Dear Resident,

We would like to take this opportunity to remind you of the Maxwell AFB Resident Guideline policy concerning move-out trash.

### 3.2 Rubbish/Refuse/Recycling

Maxwell Family Housing will make available suitable waste containers and instructions for their use to the resident. The resident agrees not to place rubbish on patios or any other common area. Regular pick-up schedules will be weekly and vary by neighborhood. Recycling and trash will be picked up on the same day. The resident may not place trash or recycling containers at their designated pick-up locations until 5:00 PM the day before the scheduled pick-up. Containers must be promptly returned to storage locations the same day of pick-up.

**The resident may not leave excess trash or rubbish when moving out of the home. Bulk trash may not be left curbside at any time. Please notify the Community Office to arrange a pick-up time or disposal location for bulk trash items.**

Failure to follow the above mentioned directives will result in the financial penalty starting at \$20.00 a trash bag.

The undersigned understands the above directives.
