OCTOBER EVENTS

National Night Out

Tuesday, 1 Oct is National Night Out. Come join the community at Freedom Park from 4:30 - 6:60. NNN is the perfect opportunity to meet neighbors, explore different resources available in and around base, prevent crime! Security Forces, Military Working Dogs, Fire Department, Hunt Housing, and more will be available with displays, demos, and information.

Please join us for a great night of building community relations and fun!

Halloween Decorating Contest

Get into the Howl-iday spirit and start decorating! We will be awarding a winner for the best Halloween decorations on Tuesday, 29 Oct. We have some real creative residents, so we expect there to be some major contenders this year!

Community Information Meeting

We want to thank everyone who was able to attend our Community Information Meetings the last week of September. If you could not attend any of our meetings, we are going to send you our presentation for each neighborhood for your review. If you have any questions, or anything to add, please email me at joe.johnson@huntcompanies.com.

I would also like to send a HUGE thank you to Command, Col Carley, Col Reid, Col Bryant and CMSGT Morgan for showing your support and attending our meetings!

WE STRIVE FOR 5!

Our President's Message

We are coming up on CEL season, and I want to encourage all of our residents to participate and here's why...

The annual CEL Survey is an important instrument for Hunt to understand what we are doing well and what we need to work to improve. The CEL survey is available to all military housing residents throughout the

country. It is controlled and administered by an independent, third-party who reports the results simultaneously to us and the Department of Defense. Across the Hunt portfolio of communities, we have an average of over 50% of our residents who respond. This response rate is statistically high, but we want to continue to encourage our residents to respond in as large numbers as possible, so we get an accurate view of what is occurring within the communities.

Our goal is 100% satisfaction. When we fall short, we want to know so we can fix any problems before they become bigger issues. We also want to know which of our communities have high satisfaction rates so we can share best practices.

We want to hear from you, and this is one of several tools we use to facilitate that. I look forward to what you have to say.

John Ehle
President
Hunt Military Communities
